I am a proficient **problem solver**
I am **quick to learn** new things and love **improving my skills**
These qualities make me a great fit for **Front End Developer**.

Qualities I possess that fit your needs:
- ★ Passionate about learning and coding
- ★ 6 years of problem-solving team based environments
- ★ Experience with **Rails**, **ReactJS**, and **SQL**
- ★ I know when and how to ask for help when needed
- ★ Loves to learn the reasons behind the "why"
- ★ Various work history in customer service and sales honed my communication skills
- ★ Doesn't panic when confronted with something new
- ★ Excellent critical thinking and pattern recognition skills

… and some extra things that may not
- ★ Scaling rock walls like a monkey
- ★ Surrounding myself with intelligent humans
- ★ Great at fixing broken objects (duct tape and wd40 are staples)
